Comments/ Suggestions

- Really enjoyed the flexibility of the workshops
- Excellent venue / lots of variety of equipment / ORSIM great tool / very friendly faculty/good breakdown of techniques and equipment / Valuable updates and tips
- Competent faculty at all stations. Enjoyable day.
- Excellent course with superb faculty and equipment with time to play in a good environment – Please keep doing this!
- Excellent Day - helpful friendly faculty, Course pitched at the right level.
- Very good course – very helpful to have it for consultants only as the level of course was appropriate for this group and delegates were more comfortable asking questions and sharing experiences.
- Great day - very well organized and run.
